Mr. Sam. Paul Rosenberg:

Very much in my Steiner Notebook  
regarding the international program "SAFE"

My impression is that program is

very important and should be so

and should be supported by the public

as well as the Government and the

people of the world, and the

people of the world, and the

people of the world, and the

people of the world, and the

people of the world, and the

people of the world, and the
